EVERDAY STEWARDSHIP

Over the years I have wasted a lot: a lot of money, a lot of time, and a lot of talent. Sometimes I didn't realize I was wasting these things but, after reflection, I realized I could have done more and accomplished much greater things. Of course, I think that is part of our imperfect humanity. It truly is easier for us to waste our gifts than grow them into something more.

The parable of the sower speaks about the word of God that gets planted in our hearts. If the soil of our heart is rich, than the word will grow and change us. If that soil is rocky or full of weeds, the word will lie there without any impact, bearing no fruit.

This parable can be applied to living a stewardship way of life as well. As sowers, we have been given the seeds of our time, talent, and treasure. We have a choice of where to plant these gifts. As good everyday stewards, we are called to plant them wisely and prudently. Oftentimes it is not enough to simply give away what we have. We need to discern the best places to sow these gifts so the maximum harvest can grow. This takes prayer, reflection, and study. Without a solid discernment process, we can find ourselves sowing seeds endlessly without much to show for it. But joyful is the person who has used one's gifts wisely, for the bounty of the harvest is great.
